Questions

Key Messages for the Revised Framework

- Student at the **heart** of the process
  - Identifying their own theme
  - Researching their own ideas
  - Making their own decisions
  - Submitting their own individual unaided work
- The use of primary sources is **required**
- The workbook should focus on the **process** rather than the product

Primary Sources

Primary Sources are sources, physical or conceptual, that are viewed in their original state and are not filtered through another person's interpretation of them.

NETWORKS
Networks can be used for a lot e.g. A lightbulb is connected to electricity
lightbulb -> electricity
Social Networks
Facebook, twitter etc.
This keeps everyone intouch online from internet.
Connections
In Networks everything is connected.
e.g. All the roots in a tree are connected
Watch -> Time
